INTRODUCTION:-

- A **vigilante** is a person who takes the law into their own hands without legal authority, typically because they believe that the legal system is not doing enough to deliver justice or protect society. Vigilantes often act outside the law, using force or intimidation to punish criminals or wrongdoers.

*An **anti-hero** is a central character in a story who **lacks traditional heroic qualities**, such as idealism, courage, or morality. Unlike typical heroes who fight for justice or the greater good, anti-heroes are often flawed, morally ambiguous, or even selfish—but they're still the main character or protagonist.

- **Never shows mercy** , and always seeks justice .

KEY CHARACTERISTICS OF ANTI HEROES:-

- **Self-interested or cynical:** They may not believe in noble causes, but still end up doing the right thing—intentionally or by accident.
- **Relatable:** Audiences often connect with anti-heroes because they seem more realistic and human.
